Kick off 2018 Right!

Promote your school's Register Tapes for Education Program Today!

New Year, New Program Tips!

Send in Receipts throughout the Year:

Put info in your school newsletters and on Facebook asking supporters to start sending their receipts to the school. To make submitting your final deposit much quicker and easier, start mailing in collected receipts now.

Spread the Word:

Motivate supporters by providing them with your school's progress and its goals for this year's program. How many dollars worth of receipts has the school collected, how close is the school towards its goal and finally- list the items the school is working towards this year. All this information can be shared on social media, your school's parent portal or newsletter.

Classroom Competition:

The Ice Cream Party Classroom Competition runs through March 31st! Keep reminding parents to send in their Lowe's receipts to help their student's classroom win a free Ice Cream Party from Lowe's! If your school is interested in having its own classroom competition, call program headquarters!

If you have any questions, please call us at: 1-800-352-4658
